18 November 1975

Dear Harold:

The Sunday examiner had nothing on your press conference, and Monday's Chronicle also was barren, so if the AP carried anything they passed it deliberately. From what you say about Rothberg, working during his vacation, etc., AP may not yet have moved anything. We'll send send copies back of anything we see, of course.

Your note of Nov. 11 to HR and me reads as if you sent copies of PM that day. Thus far it hasn't showed up, which is not surprising for either book post or insured parcel post, whichever way you sent it. When it comes we'll let you know promptly.

We don't like the sound of your swollen leg, and hope you find it possible to give yourself what chance you can to recover. We understand your many pressures, if only imperfectly. Hope the trip goes well, and take care of yourself.

Best from us both,

Jim
